

Research Skills

Basic research skills, usually focused on a class assignment. Could include finding reliable resources, effective searching, note-taking, paraphrasing, and citation management. Single or multi-class options. Your place or mine.

Research Workshop

Bring your class to the library to work on a specific project where Emily and Jen can help the students as questions arise.

Mini-Workshop

Short, 10-15 minute review of search skills and strategies, available resources, etc; takes place in your classroom.

Traveling Reference Shelf

We'll load up a book truck with Reference material focused on your assignment, and travel to your students!

Research Guide

Subject research guide tailored to your assignment linking to our available resources. One stop shopping for students!

Article Linking

Want a current New York Times, Portland Press Herald, or Nature article? We can provide direct links to what you need.
